

## **Single ball holder for exercise balls**

Thank you very much for choosing a **Sport-Thieme** product. Please read the instructions fully before you assemble the equipment so you can enjoy the product and its guaranteed safety:

III. 1: Single ball holder

### **Included:**

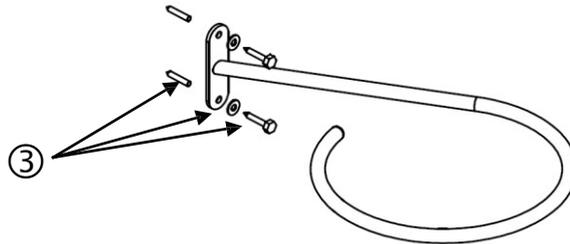

Pos.	Description
1	Single ball holder
2	Plug
3	Set of screws: 2 x coach screw M10 x 80 mm DIN 571 2 x washer A 10.5 DIN 125 2 x wall plug GD 12

### **1 General**

The single ball holder for exercise balls is a piece of equipment for the space-saving storage of exercise balls with a diameter of 45 to 90 cm. You can mount the single ball holder individually. This allows for optimum use of space.

### **2 Assembly**

Simply fix the single ball holder at the desired position. Please use the included wall plugs, screws and washers for mounting. The wall plugs and screws included for wall mounting are intended only for use on a stable concrete wall with a minimum concrete strength class of C25/30. For walls with different properties, please use wall plugs with building authority approval that can hold a tensile load of at least 0.5kN.

### III. 2: Assembly single ball holder

## 3 **Safety**

Maximum load: **4 kg!**

The single ball holder is only suitable for its intended use.  
Improper use voids the warranty.

**Caution: Do not overload or climb the equipment!**

### **Maintenance and care instructions**

#### **Instructions:**

Carry out a visual check at regular intervals. Due to our continuous quality control of the products, technical changes may occur which may lead to slight deviations in the instructions.

Check at regular intervals that the screw connections are tight.

Check the equipment for possible damage and replace worn-out parts.

We are happy to answer any questions  
you may have.
