

## Wall storage unit with 4 or 6 brackets

Thank you very much for choosing a **Sport-Thieme** product. We want to make sure that you can enjoy this product, so here is some important advice for your safety as well as for the use and maintenance of the equipment.

III. 1: Wall storage unit

### Included:

<u>Pos.</u>	<u>Description</u>
1	1 x unit L = 1.11 m or 1.69 m
2	5 x hex wood screw 8 x 70 with washer
3	5 x plastic wall plug 12

### 1. General

This unit is intended for the space-saving storage of posts used in sports (e.g. volleyball posts or high bar posts) on the wall.

4 or 6 brackets of approx. 29 cm length are fixed at a distance of 29 cm to hold the posts.

The brackets' tops are covered with felt to protect the posts. Each bracket is suitable for a maximum load of **20 kg**.

If the distance is chosen correctly, this is equivalent to 2 posts next to each other.

**III. 2: Mounting dimensions  
(drilling holes  
dimensions)**

## 2. **Assembly instructions**

Please use the included fixings for wall mounting.

These are intended only for solid, stable walls such as concrete or brick.

If the wall is made from other building materials, please contact a structural engineer and use other suitable fixings.

**Caution: Do not overload or climb the equipment!**

## Maintenance and care instructions

### **Instructions:**

Carry out a visual check at regular intervals. Due to our continuous quality control of the products, technical changes may occur which may lead to slight deviations in the instructions. Check at regular intervals that the screw connections are tight. Check the equipment for possible damage and replace worn-out parts. Ensure that moveable parts are free-moving.

We are happy to answer any questions you may have.
