

## The Rocket

### Game Suggestions:

#### Traditional Hopscotch

Accessories: Hopscotch stone

Throw the hopscotch, starting with number 1. Jump on one and two legs by turn and when number 10 is reached turn around and jump back again.

#### Syllables

Accessories: None

Before playing the game write down some words.

Now the participants has to jump the number of syllables in each word. Take turns after each word

#### Multiplication

Accessories: Bean bag, Chalk

Draw a line in front of the hopscotch to mark the place from where to throw the bag, the participants are then divided into 2 groups.

Throw the bean bag. Each group has to say the multiplication table for which number the bean bags lands on. Take turns after each table.

#### Addition

Accessories: Hopscotch stone, Chalk

Group one writes a number between 1-30

Push the hopscotch stone into the hopscotch and find the sum of the written number and the number from the hopscotch.
