

Pigeonhole for towel storage

Art.No. 2412014

Pigeonhole for towel storage

Available with 10 or 20 compartments.

Our new and improved design is not only smarter, but also more sustainable. Crafted with a durable plastic frame, it reduces material use without compromising strength.

Advantages:

- Durable frame, built to last
- Made from recycled plastic — durable
- Choose between 10 or 20 compartments for efficient storage
- Compact design, simple to place in any facility
- Delivered fully assembled — ready to use
- Easy to clean with a gentle slope for wash-down
- Match the color slot with the room — or let it stand out as a splash of color!
- Replaceable compartments
